

United Way
of Washington County

March 9, 2022 – West Bend, WI – Thank you to the incredible generosity of the community, the United Way of Washington County partner agencies will again, have funding for programs providing educational support, health education, and services as well as financial stability programs.

The top four giving organizations led the way (Broan, Delta Defense, Froedtert Health, and West Bend Mutual Insurance) with increased corporate/employee giving and raised more than \$681,000.

Prior to the pandemic, challenges such as addiction, hunger, homelessness, and mental health were growing. Since these issues have increased even more. To respond, United Way is not only funding its more than 25 critical ongoing programs to address these needs but also invested in two new mental health counseling programs targeting our youth. This support helps reduce long waitlists for these critical services.
